FROM THE DESK OF OUR GENERAL MANAGER

Happy Holidays! I arrived just in time to watch it snow and shut down the course for several weeks. The good news is the course will benefit from it.

As your new General Manager, my first priority has been creating a budget with all the department heads that is transparent, fiscally responsible and accurate. I appreciate Mr. Horsfall's and the management team's cooperation.

While financials and procedural assessments are fundamental to understanding areas of opportunity in growing revenues and identifying areas that have fallen short of expectations, it is only part of the picture. This next part will involve gathering input from the membership to ascertain member experience and expectations. I will be sending out a survey to all the membership allowing our team to focus on areas that are doing well and identifying areas for improvement. I hope you will take time to complete the short survey and provide your valuable feedback.

In the upcoming Holiday season, the club has booked numerous Christmas parties through the month of December. Vicky, Chef Tom, along with Laretta and Jacob, have good leadership qualities to help deliver a true club experience. I'm confident those in attendance will have a great time. With the recent departure of David the former F&B Director, I have appointed Vicky to step in as the acting director with hopes that she'll want to continue leading the "Front of the House" staff and bartenders into the coming year. Going forward, F&B operations will be a high priority on my list for exceeding member expectations.

Although I haven't had the opportunity to meet everyone yet, I do look forward to doing so soon. Meanwhile, if at any time you have questions or comments in regard to your club, please don't hesitate to email me at mrangle@thefoxhillclub.com or call me at 303-651-3777, ext 3. My door is always open.

Membership sales for the last two months have been good thanks to the efforts of Rachael in her marketing strategies. We currently have a winter membership program that features no dues until April 1. If you have friends that are wanting to join, you may want to take advantage before the winter promotion is over.

Also, thank you to those who donated this year to the employee Christmas Fund. On behalf of all employees here, thank you. Enjoy the Christmas Holidays everyone.

Mark Range,
General Manager

A bit of Spooky fun at Boo Bash-

With the off-season here, many of you might wonder what we do on the course over the winter months. By the beginning of December, we usually are finished mowing and can begin with our off-season projects. This year's agenda includes removal of roughly 10-15 more trees and thinning and pruning of others. As many of you know, a lot of the cottonwood trees on the course have reached their "normal" life expectancy and, on average, a dozen or so dying trees are removed each year. Bunker work is also on the list. We will check sand depths and add or redistribute sand where needed. Also I plan on rebuilding a handful of the bunker-faces as well. We'll continue working on the disruption from the new sewer line and connection installed in the fall, as well as prepping more areas to seed on the range. We've also applied a preventative fungicide to the greens, tees and approaches to protect them from snow mold. Snow mold is a disease the turf can get under periods of cold wet weather or extended periods of snow cover.

The projects I just mentioned are the most visible ones you will see us working on. However, we do many things "behind the scenes" that go unnoticed. Some of these include: refurbish course supplies (tee markers, benches, etc.), servicing all the equipment, inventory, and organize and clean maintenance facility. These may not seem extremely important but they are vital in keeping the golf course operating smoothly and efficiently.

This time of year I like to reflect on this past season and begin to plan for improvements for next year. It was a rough start to the year with all the winter kill from the drought and high temperatures last off-season. The programs we implemented were a great start to getting much of the lost turf in the fairways and roughs back. Some of our focus will now be put toward eliminating many of the weeds that came up with the turf in these areas. We will continue to evaluate and tweak where needed to provide you with the best golf experience we can.

I would like to thank each and every person on the golf course maintenance staff for all their hard work they have put forth this season. Cole Barton – Assistant Superintendent is my right hand man. I don't know where we'd be without him. Dylan Gardner – Assistant in Training, Drew Williams – Crew Leader and all the seasonal staff who return year after year. This is truly a great team.

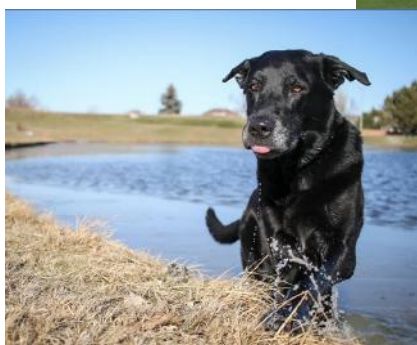

I would also like to thank the membership for their continued support and cooperation for what we do on the course. It is YOU the MEMBERS that make Fox Hill truly a great place to work.

Lastly, I would like to inform you of the passing my companion and best friend of over 16 years, Mr. Nico. He's been a staple here at The Club greeting many of you on the range in the mornings, running alongside my cart throughout the course and in his younger days, chasing geese. I appreciate everyone who's been so kind to him over the years, making his life truly one-of-a-kind. Thank You!

Happy Holidays

Your Superintendent,

Rich Parker
